THE CHARLEROI MAIL

VOL. XIX—NO. 272 CHARLEROI, WASHINGTON COUNTY, PENNSYLVANIA, TUESDAY, APRIL 22, 1919 TWO CENTS

ANOTHER BIG PLANT MAY BE ERECTED IN VALLEY NEAR ELRAMA

American Bridge Co. purchased Large Acreage Some Months Ago

SURVEY WAS RECENTLY MADE

The Pittsburg Dispatch of this morning says that persistent rumors have been circulating recently that the American Bridge Company has completed plans for a new $12,000,000 plant to be erected near Monongahela City. It is also said according to this report, that the work of erection will begn in the near future.

It is known that the American Bridge Company a few months ago purchased a large acreage just below Elrama and south of West Elizabeth on which it was reported at the time it would erect a large iron and steel plant. This land has a frontage of several hundred feet on the Monongahela river and takes in land on both sides of the Monongahela Division of the Pennsylvania Railroad The river bottom it is understood is to be given over to the manufacturing plant, while that portion of the property lying west of the railroad tracks would be given over to building sites.

This is one of the finest locations for a manufacturing and town site in this section of the valley and was at one time owned by the Park steel interests, which contemplated erecting a big mill at that point. Should the American Bridge Company erect a plant t here, which now seems likely, it will be very conveniently located to secure its fuel gas from the by-product coke ovens at Clairton, which may be one of the reasons for the construction of such an industry as is contemplated. Should this be done it is also likely the Union Railroad would be extended to that point.

The land was recently surveyed by engineeers of the Bridge company which gives some color to the rumor as to building a big plant.

FIFTEENTH ENGINEERS WILL ARRIVE TOMORROW

The Fifteenth Engineers, in which a number of Charleroi boys are serving, and now on the way to the United States from France on the steamer Santa Clara, are expected to arrive in New York on Thursday. Special committees from Pittsburg have gone to New York to complete plans for the welcome to be extended to the regiment upon its arrival in Pittsburg, which is expected to be within the next few days. Quite a number of Charleroi people will go to Pittsburg to take part in the welcome which is expected to be one of the greatest ever gven by the big city.

Notice P. H. C. Members

Meeting this evening 8 o'clock sharp. Committees will report on Mock Trial to be held May 14. Social feature after regular business.

PUBLIC FIELD FOR ATHLETIC ACTIVITIES

An important real estate deal was recently closed in Bentleyville, when W. F. Richardson purchased a plot of ground containmg three a.res east of that town from J. N. Snyder, this plot is east of thecar line and has been used for a number of years as a ball park and football field and Mr. Richardson desires that the field still be used as a public place for athletic activities.

BAR OPPOSED TO ORPHANS' COURT BILL

The Washington County Bar Association on Tuesday at a well attended meeting went on record as opposed to the bill now before the legislature clearing an Orphans' Court judgeship in this county. Two resolutions were passed, one expressing his approval of the bill in its present form and suggesting an amendment and the other requesting Gov. Sproul, if the measure should be passed, not to exercise his power of appointment, as provded in the bill, or to veto the measure.

The bill provides that a judge be appointed to serve from the first Monday in January, 1920, to the first Monday in January, 1921, when a successor will be elected. The bar association in its resolution favors a provision for the election of a judge at the general election in November in order that the Governor's appointee might have no undue advantage over other possible candidates at the election.

HIGH SCHOOL MAY BE ABANDONED

At a public meeting of the citizens of North Belle Vernon held last Monday evening, the question of abandoning the high school of that borough was thoroughly discussed. A new building is necessary in that school district owing to the crowded condition of the rooms at the present time, and the school board is of the opinion that the best thing to do is to abandon the borough high school and send the pupils to the Monessen high, where they have been given assurance they could be cared for. A suggestion was made that the boroughs of Belle Vernon and North Belle Vernon, and Washington and Rostraver townships go together and build a high school, which was favorably received, but it was not acted upon. It is likely the suggestion of the school board will be adopted and the high school of that borough abandoned, pupils to be taken care of in other towns.

Buy Victory Liberty Bonds.

This Is Our Victory

"None but a fool would soil the flower he means to wear before the world," someold time sage wrote more than a century ago.

And he spoke a parable.

Right now America is in danger of spoiling her bouttonnaire.

She went into the world war to protect her honor, to maintain her rights before all nations, but Germany in particular; to show the world that no one might tread upon her toes with impunity.

And incidemally to preserve these same international rights for her weaker sisters. In a word to make democracy safe for the world, to protect right as against might. To preserve liberty, freedom, independence.

Her entry turned the scales against the Hun. Her doughboys stopped the final German dash toward Paris and the heart of France. convinced the German general staff that further fighting would be suicide.

Precipitated the appeal for the armistice. Forced peace.

The world at large recognizes, concedes all this. Accepts America as the Moses that led the way out of the fury and carnage of the greatest war the world has ever known.

Doffs its hat to her as the champion of liberty, right, justice, democracy.

And that is the honor extraordinary that she hopes to wear before the world for all time.

Let's not soil it by failing to make the finish what it should be.

And the job is really up to us, we citizens.

If we put the Victory-Liberty Loan over Uncle Sam will do the rest.

And we can do that. Just as we put over the others.

So get ready, folks, let's go to it. With true American vim.

Army Tank In Charleroi For Stunts This Evening

The army tank is scheduled to arrive in Charleroi this afternoon at 4 o'clock arriving here from Bentleyville where it gave an exhibition at noon for that borough and Ellsworth. The schedule had to be revised because of a serious delay at Republic Monday afternoon, which caused the machine to lose a great deal of time. This caused the schedule of Tuesday to be revoked and a revision made for this section of the valley.

According to this revised schedule the tank left California at 7:00 o'clock this morning, going to Centerville, where it will remain 15 minutes; thence to Beallsville for another 15 minutes' stay, and then the run was made to Bentleyville, where it arrived at 11:15 and remained for dinner. Ellsworth joined with Bentleyville in the demonstration because of the lack of time to visit that town.

The tank left Bentleyville at one o'clock, and arrived in Charleroi at 4 and the entire party will remain here over night.

The exhibition will take place this evening at 7 o'clock on the site of the old car barn at Maple creek, beginning at 7 p. m.

Owing to this change of schedule it will be impossible for the tank to visit Lock Four, and the people of that community are requested to come to Charleroi this evening to witness the exhibition. The local committee regrets the change, but as they were made on orders from Cleveland had no option but to acquiesce. The Tank will leave here Thursday morning for Speers, Belle Vernon and Fayette City, arriving in Monessen Thursday afternoon at 3 o'clock and will remain over night in that town.

It has been found that the tractor and tank can only make on an average about three miles an hour, a speed about one-half the rate expected.

ASCENSION DAY SERVICES IN MONON

At a meeting of McKean Commandery No. 80, K. T., it was decided to hold Ascension Day services this year in the First Presbyterian church at Monongahela, the sermon to be delivered by the Rev. William F. McKee, D. D. pastor of that church. Ascension Day this year falls on Thursday, May 29th and the Commandery will begin preparations for the event at once. All members of the Commandery from this section will go to Monongahela by trolley, and will hold a parade in that city prior to the attendance at the services. The services will be open to the public, and it is expected they will be largely attended.

Notice to Soldiers.

All returned soldiers, sailors and marines are requested to report in uniform at the Pennsylvania Railroad station this evening at 6:30 o'clock, to march to Maple creek to act as guard during the exhibition to be given by the army tank. Immediately after the exhibition the men will hold a meeting in Charleroi Savings & Trust Co. Hall, to form a preliminary soldiers' organization. A full turnout is requested.

Roy I. Carson.
Soldiers' Chairman for Charleroi

CONTRACT AWARDED TO REBUILD MONONGAHELA-DONORA HIGHWAY

NEW MACHINERY WORKS SATISFACTORY

The steamer A. R. Budd, which was put in commission a few days ago after being thoroughly overhauled and fitted with new machinery, was up the pools last week and her officials report everything very satisfactory. The new machinery in the boat is of the compound type, with high pressure cylinders of 12 inch diameter, and low pressure of 25-inch with six foot stroke. This machinery is of the latest pattern of the condensing type, and will result in quite a saving in the use of coal.

OUR VICTORY LOAN QUOTA IS $880,850

The full quota of Charleroi for the Victory Liberty Loan is $880,850. These figures are taken from the official publication of the Fourth Federal Reserve District with headquarters at Cleveland and are compiled from the Figuregram just issued. The borough's quota in the Fourth Liberty Loan was $1,134,050, while the subscriptions were $1,460,750 or $326,700 "over the top." The quota for the final loan is $253,200 less than the fourth, but even if it is much smalleer, there should be no cessation of efforts to put it over at the earliest possible moment. Charleroi has done more then requested during the other loans. and it is the sincere hope of Mr. Berryman, local chairman, that this splendid record be maintained in the Victory Loan.

LOAN POSTERS ARE NOT BEING PLACED

Chairman Kerfoot W. Daly said this morning that Charleroi is the poorest posted town in the district for the Victory Liberty Loan. All merchants have been provided with Victory Loan posters, which were produced and furnished by the government at great expense, but evidently they have not been utilized. With Easter out of the way it is contended that merchants can now give over a small share of their window space to advertise this last and Victory Loan. These posters are works of art and moreover all those who have been provided with them should consider it a patriotic duty to give them a conspicuous place in their windows. It is to be thelast bond issue of the government that the people will beasked tosubscribe—help it along by every means possible.

The Victory Loan campaign fittingly opens on the 21st of April, the historic month in which our Civil War ended and our wars with Spain and Germany began.

Greensberg Firm will Resurface It With Gravel-Concrete

WORK WILL COST $65,100.80

The contract for resurfacing the county highway between Donora and Monongahela, bids for which were opened by the County Commissioners several days ago, was awarded on Monday to L. F. Edwards & Bro., of Greensburg, their bid being $65,100.80 The road will be resurfaced with gravel-concrete, and according to the specifications will be 18 feet wide.

The present roadway is but 12 feet wide, which has been found inadequate to take care of the constantly increasing traffic which has become quite heavy during recent years owing to the many demands of the Donora steel mills in the way of truck service. This road was improved several years ago with brick being the first road in the county to be paved in this manner. The contractor who undertook the work failed, and his bondsmen had to finish the work. While it was a fairly good job, and would have probably lasted for many additional years under traffic conditions of those days, it gave way completely during the past few years because of the heavy truck traffic which constantly passed over it.

It is proposed by the commissioners to close the road while it is being resurfaced in order to give the contractor all the opportunity possible to furnish t he work in good time.

Two other contracts were also awarded on Monday, the Taylorstown road being awarded to Frank Donatelli of Pittsburg for $14,281.60 and the Pike Run road to William Pickett & Co., of Washington for $22,095.

Work on all of these contracts is expected to be placed under way at the earliest date.

LOCAL MEN WITH 406TH BATTALION

Sergeant J. F. Barr, who went from the Charleroi office of the Bell Telephone company in 1917, as a member of Company E, 406th Field Signal Battalion, is not with that organization now, having been transferred in January, 1918, to the 309th F. S. B F. H. Reese of the Donora office, who was also with the same unit, was transferred to the 416th Telegraph Battalion. Sergeant L. O. Bailey and Corporal H. A. Lowstetter. who also went out with the 406th F. S. B., are still with the command and landed in New York on Sunday. They expect to be home within a short time.

NO INTERNATIONAL LANGUAGE

Again there is a demand that English be adopted as "the international language." It is more used than does the British people know. They have long since put this ambition because their far-flung empire includes many tongues and races, and, like Americans, they do not welcome the trouble of learning other languages. Perhaps English is the official tongue of more square miles than any other single language. In the western hemisphere alone English is doubtless the speech of the greatest number of people, but Spanish and Portuguese cover the largest acreage. In Europe of the most part people have understood French, the language of diplomacy, than any other one language, but English is now also widely understood among the educated. Unlike the English and Americans, Continental Europeans make it a business to learn the more important foreign languages, the French people being exceptions owing to the wide knowledge of their own tongue.

Lack of a knowledge of French cost many an American life during the war. It was impossible to provide fully in advance for such a war, and as such another may not be seen for centuries, the training of soldiers will not include fluency in the four or five chief languages. But all our diplomats and business agents abroad ought to be well acquainted with the language of the country to which they are sent. For we need not expect to see an "international language," although the position held by Great Britain and the increasing influence of the United States will undoubtedly multiply the number of students of English in all parts of the world.

"SIR UNCLE SAM, K. C. B."

"No title of nobility shall be granted by the United States, and no person holding any office of profit or trust under them shall, without the consent of congress, accept of any present, office, or title, of any kind whatever, from any king, prince or foreign state—Constitution of the United States. Art. 1. Sec. 3. Par. 7."

There is enough in this paragraph from the supreme law of the land to warn Americans who have embellished their bosoms with knightly decorations.

It is one thing to receive and wear a military decoration awarded for courage on the field of battle. It is quite another to take a regal appointment disposed by the king, upon the official members of his household.

The K. C. B.—Knight Commander of Bath—is an institution of British royalty. The recipient of this distinction becomes a sort of an honorary member of the royal entourage, perhaps in ancient days a bearer of the kingly soap dish, and he prefixes his name with the noble "Sir."

The framers of the constitution were not intrigued to such regal flapdoodle. Hence they required that congress alone might permit an American official to accept foreign titles. If Americans in England and France holding high army office, have been awarded this permission we have not heard of it. We are sorry to hear that important Americans are being addressed as "Sir So-and-So."

We believe that congress should investigate this vain glory and set right on the following querry.—"What title is better than American Citizen."—Detroit Free Press.

SPRAGGING INDUSTRY

The action of Director General Hines of the railroad administration in refusing to accept the price for steel set by a government board, is, according to Judge Gary, of the Steel Corporation, responsible for the present halcyon days of increased activity on the part of the larger steel and iron companies. Judge Gary says the steel companies have no quarrel with the government; the trouble is a disagreement between two branches of the government which have failed to co-ordinate in the important task of stabilizing a price for steel.

Had Mr. Hines accepted the figures fixed by the government board charged with that duty it is likely the steel mills would have been booking large orders for early delivery; as it is they do not know where they stand. They are powerless to do much of anything until the government authorities get together and come to an understanding. There will be no hesitancy on the part of the steel companies, if the prices are anywhere near reasonable. The government, however, must be certain of what it is going to do before the manufacturers can afford to go ahead in producing steel. They must know exactly what is expected of them, for they have heavy charges to meet and in order to do so must have a price which shall permit them to maintain the present standard of wages, as well as purchase material at the prevailing prices.

MORE HOUSES NEEDED

A business man of Charleroi was making inquiry on Monday among the real estate agencies of the borough for a rent list, but found that at the present time there was no such thing. None of the agencies had any houses listed as being for rent.

This man was inquiring for a number of people who had hoped to be able to make Charleroi their home, although their work would be outside the borough limits. They would like to live here, as it would be convenient to the location of their offices, which are to be moved from Pittsburg to Bentleyville, and were making preliminary inquiries through the local business man. His message to them, however, will not be reassuring as to getting a place in which to live. In fact there are no houses empty, consequently these applicants cannot under present circumstances have their desires gratified.

In this connection the business man made the suggestion that our local commercial organization might get behind a movement which would have for its object the building of houses in the borough or on property adjacent thereto, all of which could be readily rented, and in all probability many of them sold. The town is suffering at the present time from a serious shortage of dwellings, and but little growth can be expected until this trouble is remedied.

GREAT CONTRIBUTION

Pennsylvania's contribution in man power to the great war which ended last fall was 225,999, of whom 22,606 were rejected for various causes, leaving a net total of 203,393 who were called into service. This included 20,297 sent to colleges, the balance of the number being sent to cantonments for training, from where thousands of them went overseas for duty along the western battle front.

In other words, Pennsylvania furnished enough men to make up an army of five divisions of 40,000 men each, and was preparing to furnish more when the armistice was signed. It is certainly a gratification to the people of this commonwealth to know that the old Keystone State was so ready and willing to send her sons to the front to battle for the safety and security of the world, and to the further fact that her sons were so ready to respond to the appeals made by the government. Pennsylvania's part in the recent war was a mighty factor in bringing the Hun to a realization of his inability to win and which caused him to ask for an armistice before his armies were completely annihilated.

HOLD YOUR BONDS

In the midst of the effort to sell the notes of the Victory Liberty Loan, earnest requests are made by the leaders of the campaign for people to hold on to their Liberty bonds. At a time when hundreds of people are giving of their time and talents to sell the new loan at par, it is certainly somewhat discouraging to be met with the response that Liberty bonds are selling at so much below par, so why should the people pay full price when they can get government bonds at a discount.

It is true Liberty bonds are selling somewhat below par, but impartial judges, men acquainted with the financial world, say that within the next year they will be selling at par, with a prospect of going above that figure. It is true there be some who are compelled to dispose of their bonds, but their number is negligible. By far the larger amount of these sales come from people who, if they would but make the effort, could afford to lay aside their bonds until such times as they would reach par, when they would reap the full benefit of the government obligation. In any event during the progress of the Victory Loan, there ought to be a cessation of the campaign which has for its object the buying of bonds at a discount, and which has resulted in so many people disposing of these securities at a heavy sacrifice.

KEMP'S BALSAM
Will Stop that Cough
GUARANTEED

Are You Helping Maintain This Watch On The Rhine?

No, this American doughboy is not guarding this statue.

He'd have to, probably, if it were erected in an American park.

He is apparently reading the inscription, "Die Wacht Am Rhein," and deciding that it applies to him and his fellows who constitute the American Army of Occupation now faithfully keeping their "watch on the Rhine," while the folks at home are expected to put the Victory Loan over.

This statue near the river Rhine in Germany was erected a good many years ago to commemorate a former Prussian victory.

Perhaps it is still appropriate—if we think of it as a sort of cemetery.

The Germans persistently seek to convey the impression that they accepted the President's general peace propositions and laid down their arms. The peace suggestions in 14 points were published in January of last year, the Germans began their greatest drive in the following March, and in November they surrendered to Foch because they knew they were hopelessly beaten and wanted to save their country from invasion, precisely as Hindenburg indicated in a letter to Chancellor Prince Max. They would have no right to complain even if the nations sitting at Paris should abandon every one of the fourteen points.

Prof. Roman of Syracuse university expects the prohibition of tobacco soon to follow that of liquor and says reform will then move on tea and coffee, but he submits that these latter drinks ought not to be legislated out of existence until palatable substitutes are invented. The inconsistent professor overlooks the fact that substitutes are never invented until the need is pressing.

German representatives are to be in Paris the latter part of the week to look over the work of the peace conference. It is intimated that if the inspection proves satisfactory they will approve it—otherwise they may not.

It is gloomily predicted that taxes and high prices may convert many garages into chicken houses. Well, there are not enough chicken houses and there were more automobiles before the war than the people who owed for them could afford.

Three of the largest distillery corporations evidently regard the "dry" amendment as no joke, for they have applied for amended charters authorizing them to engage in "general food production."

Sweet Odors.

Sweet odors are of three kinds—the floral, the aromal and the balsamic. The first group includes all those derived from sweet-smelling flowers and plants; the second, those derived from musks and resins; the third, those derived from leaves and gums. The attar, or essential oil of perfume, is obtained in three different ways—distillation, maceration and enfleurage.

Fine Mental Exercise.

The finest mental exercise we can think of is the practice of doing that which you dislike to do. If you will refrain from kicking yourself every day into doing certain things that you must do, to going at them with a relish and a vim, you will be surprised at the difference it will make in your disposition.

Bayonets vs. Bare Fists—That's In Big Marine Show

ACTIONS of defense are not included in the bayonet instruction of the United States Marines because "Get Your Man" is their motto and does not include giving an enemy a chance to attack first. The Marines always claim the first and last blow which perhaps is why the Germans dubbed them "Teufel Hunden," or Devil-Dogs.

A detachment of these Devil-Dogs, composed of twenty men, an officer and a bugler will travel through the Fourth Federal Reserve District during the Victory Loan campaign and put on a daily sham battle and bayonet drill. This detachment has just been assigned from the overseas depot at Quantico, to the Fourth District. Their commander, Lieutenant Edward B. Irving, says every man is a non-commissioned officer who has qualified as an instructor in bayonet work.

At every stop on their trip through the district, these Marines will stage a sham battle and bayonet drill showing the various thrusts and parries which made them so feared by the Huns at Chateau Thierry. One of their exhibition stunts is to have one Marine disarmed, face the bayonet and rifle in the hands of another to illustrate how it is possible to evade the blade of such an opponent and disarm him.

Another exciting feature of the Marine's exhibition is a combat in which one Marine with no weapon but his ready fists, faces and overpowers an opponent armed with a detached bayonet.

This feature is often far from bloodless, as the zealous Marines put up so realistic a struggle that one or the other is sometimes severely cut and bruised.

Startling Results.

A speaker at a recent meeting of the Rotary club was speaking on the power of advertising. "Why," he remarked, "my partner, Walkerson, advertised for a boy yesterday, and he just wires me that his wife has just presented him with two—they are twins."

Success Is a Matter of Alertness.

The fact that many people are ambitionless—content to take things as they come—makes it easy for the ambitious man or woman to get ahead. You can be a leader if you become alert.

We subscribed and "Sent Them Over" and they came back with "Victory." That was Patriotism! But that is not the end of it. We must "Bring Them Back." That will be completing Patriotism. Do your duty and do your share.

Hundreds of Yards of the Finest Ginghams Included in Three Groups

Renfrew Zephyr Ginghams

Ginghams of wide reputation for color stability and quality for wear among women, who are particular about the characteristics that are included in good materials. There is a variety of beautiful patterns in large and small checks, bars, stripes and plain shades of every imaginable color. This group includes the Imperial Chambrays and they are values at 39c yard.

27 inch Ginghams

Ginghams of this quality and in these patterns are in great demand this year and they were difficult to procure but we succeeded in obtaining a good variety of colors and patterns in this stock, which we feel sure will be a delight to everyone. They are excellent materials for house and street dresses and for children's dresses—28c yard.

This group is composed of a variety of pretty patterns of tissue ginghams as well as some fine imported Anderson's. The wide selection of colors and patterns affords every woman a wide choice for material for a street or porch dress for summer wear or for something "better" for a dress for the little girl and they are really bargains at this price—50 to 69c yard.

Gingham Dresses for the Little Tots

Here is a variety of pretty plaids, checks and plain shades in dresses for the little tots from 1 to 6 years of age. Some have dainty little collars and pockets and are trimmed to delight the little girl. Every mother should see these in getting the tot's dresses for spring and summer —$1.25 to $3.50.

Gingham Dresses for Junior Girls

Pretty gingham dresses for the girls of school age abound in a large assortment of attractive styles in plaids and small checks and plain shades. Many of these models are tastefully trimmed and have fancy collars and belted. The materials are those that will assure the wearing qualities demanded in a school dress—$1.65 to $4.50.

Gingham Dresses for The Miss

There is a fine assortment of both pretty patterns and styles in these gingham dresses for the miss; dresses for both house and street wear. Some are made in tasteful combinations with other materials with pretty collars, pockets and belted and daintily trimmed with fancy materials. Thes styles with their low prices demand your attention for they show many values—$5.00 to $15.

Gingham Dresses for Women

House Dresses

House dresses in various pretty patterns of gingham that will prepare you to receive those unexpected callers and at a very nominal cost. These are made in a variety of attractive styles that will look well not only for the house, but also on the porch and street. These include many of the famous Barmon House Dresses which are so popular among those women who are particular about their appearance about the home. You will do well to see these house dresses soon and especially during this Gingham week—$1.89 to $7.50.

Street Dresses

In these street dresses for the women you will find attractive styles made with as much pains as higher priced dresses. The "All-Year-Round" Spread for Bread

Churngold

The final test for economy is in the measure of satisfaction obtained. Thousands of people, who use both CHURNGOLD and high grade butter, find they derive better results in using CHURNGOLD.

Real economy, of course, means real saving, for when you compare the quality of CHURNGOLD with that of the highest grade butter, you will find that the difference in price is a wonderful saving.

Then, too, CHURNGOLD keeps better and longer than butter; therefore becoming the 'all-year-round' spread for bread.

MURDER IN DONORA EASTER SUNDAY

Mrs. Mollie Simpson Abbey, wife of William Abbey, of Donora, was shot and killed early Sunday morning at a house on Seventh street in that town, by William Preston. The shooting followed a quarrel between Preston and Mrs. Abbey. Preston alleges the women attacked him with a razor and that he shot in self defense.

The fact that the woman was shot in the back does not bear out Preston's story. An autopsy shows the bullet struck the spinal column, the ball spreading at that point and a portion of it entering the aorta. It was this that caused the woman's death.

According to the story of Preston he went to thewoman's house, she being separated from her husband, to collect $15 which he claims she owed him. A quarrel arose and he says that the woman came at him with a razor; as she did so he pulled his gun and fired. Two women were the only witnesses to the crime.

Preston was arrested by Officer John Magie and Coroner Heffran was notified. An inquest was held yesterday.

The house where the shooting occurred does not bear a good reputation, nor did the woman who was killed. Preston was under the influence of liquor at the time he fired the fatal shot.

Where Proud Man Falls.

The average man can do almost everything or, at least he thinks he can, but we have yet to see the first one capable of wheeling a baby buggy straight with one hand.

Difference in Heart Beats.

According to an English scientist there is an individuality in heart beats affecting the handwriting to such a degree that it can be identified when writing is magnified.

All Mixed.

Mrs. Mix—"There was a time when you minded what I said, but now it's like water on a duck's back—in at one ear and out at the other."—London Answers.

"Tote" Philosophy.

Always carry a little philosophy about with you. A gilded searchlight is of little account to the big auto stuck in the mud.

Much Buzz; Little Honey.

"Many a man dat's as busy as a bee," said Uncle Eben, "uses up all his time buzzin' an' don't make no honey."

Spoiled It.

"Jack said you were a bird." "Really," she exclaimed, delighted. "Yes, a parrot."—Boston Transcript.

Monopolizes It Herself.

It sometimes happens that a married man has a great deal to say, but his wife won't let him say it.

DISSENTION AMONG DONORA'S POLICE

Dissention and internal strife exists in the Donora police force, and an adjourned hearing is to be held this evening, with a view of ascertaining the cause for the trouble. Charges were made against the chief of police, but apparently were not substantiated. One police officer suspended by the Chief was reinstated by a councilman, and charges of gambling in a pool room was also made. An anonymous communication was read by one of the councilman, written by a woman, saying that her husband had lost all his pay the night before Christmas while playing poker in one of these pool rooms where gambling is permitted. The hearing this evening hopes to probe the matter to the bottom, and reform the police department, which now appears to be in such bad shape.

PAROLED GIRL IS RETURNED TO MORGANZA

Local police arrested a girl named Leona E. Franks at an early hour this morning and placed her in the lockup. It transpired that she was on parole from the training school at Morganza, but the authorities there had lost track of her. She was sent to the institution from Masontown, Fayette county, but had left there some time ago. Mrs. Berg, parole officer, arrived this morning and took the girl back to the institution.

EASY TO HAVE PEACE

Real Relief At Last

So many people find that the one way to have peace and be free from attacks of indigestion and heartburn is to overcome constipation. It's a sure thing t hat no relief can be had as long as the bowels and stomach are not regular and in good condition. No use trying to take harsh physics and nasty purgatives. Such relief is only temporary at best. Take one BA-HA-NI tablet each evening with your meal and you will have not only lasting relief but complete freedom from biliousness, heartburn, sickheadache and similar ailments. BA-HA-NI soon knocks them out for good, so go to your druggist today and start this very evening to let BA-HA-NI give you real lasting health, the secret of happiness! For sale by Hennings Drug Store and leading druggists everywhere.

SPELLS SUCCESS AS PROVEN BY REMEDY

Swissvale Man Is Glad To Recommend The New Medicine, Ten-Herbs.

Many such statements as the following are being made by the best known Pennsylvania men and women who have been benefited by the use of Ten Herbs—the new herbal remedy—and voluntarily tell of their relief in the hope that others may be aided and restored to health.

Ten Herbs is now being taken by hundreds of local people, many of whom are testifying to the beneficial results they have derived from its use in the treatment of stomach, liver and kidney troubles.

One of the many signed testimonials received is that of Mr. H. J. Swanhart, who resides at No. 7508 Ormand street, Swissvale, Pa., and is a well known carpenter and contractor, whose work is of the highest order. He stated:

"For the past seven years I have had trouule with my stomach; I was bloated with gas, had terrible indigestion and no appetite whatever; my food always distressed me; I had palpitation of the heart, was short of breath, I could not sleep at night and would get up in the morning as tired as if I had never been to bed; my liver was torpid and sluggish, and I was always constipated. I could never get any medicine to relieve this trouble until I started to take Ten Herbs; it has relieved my stomach trouble. I have no more gas in my system and am able to sleep fine at night. I feel a hundred per cent better."

Ten-Herbs issold in Charleroi at Henning's Drug Store.

Americans Don't Retreat

DO YOU remember when the American First Army at Chateau Thierry was ordered to go back?

The American Commander's laconic reply was, "Go back—hell! We just got here and my orders are to go forward."

Has somebody said to you, "The war is over. Now you can go back to your old life"?

Don't believe it. You can't set the clock back. You don't *want* to. The old order has changed for the better. What you learned from the war, what you did and thought and sacrificed for the war and during the war has become part of your everyday life. You cannot help it.

When the armistice was signed, was that the end? Was that our goal? Was that what we had fought and saved and worked and suffered for—just to make Germany stop fighting, just to get an armistice signed? No. Those men of ours died for the ***long future of America.***

"Go back *now?* We only just got here—the orders are to go forward."

Men and women of vision, you cannot go back to the old unheeding way. You are called to take your stand with a regenerated world. So much of sacrifice and pain and suffering do not belong alone to the yesterday of war that is past. They are the foundation upon which the reborn world is building its future—its hope of happiness, its guarantee of prosperity and peace.

Subscribe to the Victory Liberty Loan in the sure knowledge that you have everything to gain and nothing to lose by it. It represents America's—and YOUR—share in that future.

L. COLLINS

AN OVERBURDENED MOTHER

If the steps a mother takes and the work she does could only be measured by figures, what an array they would make. Through girlhood, wifehood and motherhood woman toils on, often suffering from backache, pain in side, headache, nervousness and sleeplessness, symptoms of more serious ailments peculiar to her sex. Thousands of such women, however, have found relief from suffering by taking Lydia E. Pinkham's Vegetable Compound, as is evidenced by the lettersof recommendation continually being published in this paper.

Hundreds of Yards of the Finest Ginghams Included in Three Groups

Renfrew Zephyr Ginghams

Ginghams of wide reputation for color stability and quality for wear among women, who are particular about the characteristics that are included in good materials. There is a variety of beautiful patterns in large and small checks, bars, stripes and plain shades of every imaginable color. This group includes the Imperial Chambrars and they are values at 39c yard.

27 inch Ginghams

Ginghams of this quality and in these patterns are in great demand this year and they were difficult to procure but we succeeded in obtaining a good variety of colors and patterns in this stock, which we feel sure will be a delight to everyone. They are excellent materials for house and street dresses and for children's dresses—28c yard.

This group is composed of a variety of pretty patterns of tissue ginghams as well as some fine imported Anderson's. The wide selection of colors and patterns affords every woman a wide choice for material for a street or porch dress for summer wear or for something "better" for a dress for the little girl and they are really bargains at this price—50 to 69c yard.

Gingham Dresses for the Little Tots

Here is a variety of pretty plaids, checks and plain shades in dresses for the little tots from 1 to 6 years of age. Some have dainty little collars and pockets and are trimmed to delight the little girl. Every mother should see these in getting the tot's dresses for spring and summer —$1.25 to $3.50.

Gingham Dresses for Junior Girls

Pretty gingham dresses for the girls of school age abound in a large assortment of attractive styles in plaids and small checks and plain shades. Many of these models are tastefully trimmed and have fancy collars and belted. The materials are those that will assure the wearing qualities demanded in a school dress—$1.65 to $4.50.

Gingham Dresses for The Miss

There is a fine assortment of both pretty patterns and styles in these gingham dresses for the miss; dresses for both house and street wear. Some are made in tasteful combinations with other materials with pretty collars, pockets and belted and daintily trimmed with fancy materials. Thes styles with their low prices demand your attention for they show many values—$5.00 to $15.

Gingham Dresses for Women

House Dresses

House dresses in various pretty patterns of gingham that will prepare you to receive those unexpected callers and at a very nominal cost. These are made in a variety of attractive styles that will look well not only for the house, but also on the porch and street. These include many of the famous Barmon House Dresses which are so popular among those women who are particular about their appearance about the home. You will do well to see these house dresses soon and especially during this Gingham week—$1.89 to $7.50.

Street Dresses

In these street dresses for the women you will find attractive styles made with as much pains as higher priced dresses. The increasing popularity of this material is plainly shown in this group of dresses. Many attractive styles appear which a short time ago would have been considered out of reason.

There is a wide assortment of sizes and the stout women will be able to be as well pleased as the others. We feel quite sure that this assortment of stylish street dresses will greatly please every woman for it offers at a nominal price dresses that are just the thing for the warm summer afternoons—$5.00 to $29.50.

Apron Ginghams and Aprons

These are the best quality Lancaster apron ginghams here in a good assortment of checks and plaids of various colors. They were made to withstand the wear necessary to an apron. They have been selling at 25c per yard, but for this week we have marked them 20c yard.

Bungalow aprons that are so handy and afford total protection to your better clothes while you are getting lunch or dinner; they are made of the finest ginghams in a variety of styles. Every woman knows the value of these. They are marked for this week only $2.48.

MUST HAVE LICENSE TO SELL NOVELTIES

On complaint of many citiens Mayor John Duggan of Connellsville now proposes to put a stop to the selling of "Welcome Home" banners and similar novelties by requiring all those who peddle such articles to take out a license. In the opinion of the Mayor a lot of firms get soldiers to sell these articles while in uniform, playing upon the sympathy and he is of the beliefe that the soldiers get very little out of it.

310 McKean Ave. C. J. Wickerham

We repair Batteries, Starters, Generators and Magnetos

MUST HAVE LICENSE TO SELL NOVELTIES

On complaint of many citiens Mayor John Duggan of Connellsville now proposes to put a stop to the selling of "Welcome Home" banners and similar novelties by requiring all those who peddle such articles to take out a license. In the opinion of the Mayor a lot of firms get soldiers to sell these articles while in uniform. playing upon the sympathy and he is of the beliefe that the soldiers get very little out of it.
